

Marines and Sailors at Work – Increase and Sustain Your Readiness!

Representatives from our Behavioral Health Programs provide a wide variety of trainings and briefs that may include substance-abuse prevention, suicide prevention, marriage enrichment, and parenting issues. These trainings and briefs contribute valuable information to keep your units ready and resilient for whatever assignment may come your way. The presenters are available to come to your unit or command to make participation and learning more convenient, accessible, and less disruptive to the unit.

We offer briefs and trainings on many different topics and issues and can fine-tune the presentation to meet specific needs. Please give us a call, and we will be happy to serve as a resource for you and the needs of your command or unit.

Family Advocacy Services

Camp Lejeune: 910-449-9563

New River: 910-449-6110

Domestic Violence Helpline: 910-376-5675

The focus of the Family Advocacy Program is **FAMILY**. The Family Advocacy Program (FAP) provides prevention, intervention, and treatment services for issues many families experience in an environment that is family-friendly. We have Prevention classes that focus on rebuilding relationships, improving parenting skills, and more easily coping with feelings of anger and stress.

The Family Advocacy Program offers:

- Crisis Intervention and Prevention
- Individual/Marital/Family/Group Counseling
- Case Management
- Victim Advocacy Services

Our Mission is You!

Individuals, Couples, Kids, and Families – We Do It All!

Things happen in life, and we can all use some help from time to time. The Behavioral Health program is available to help individuals, couples, and families with issues ranging from needing parenting tips to dealing with the aftermath of sexual assault.

Community counseling, substance abuse treatment services, prevention programs, groups, and classes are provided at no cost to you and your family. All services are provided by highly qualified, licensed providers to help you when things get rough.

So, if you or a family member struggles with adjusting to a new location, your adolescents are having a hard time negotiating the social scene, or daily life seems harder than it should be, give us a call. We can usually make an appointment within the week, and counselors are always available if your needs are more urgent.

Community Counseling Services

Camp Lejeune: 910-451-2864

New River: 910-449-6110

Community Counseling Center offers free, on-base counseling to service members and their families.

Individual Counseling – Couples Counseling – Child and Teen Counseling – Care Management – Family Counseling

Our counselors will collaborate with you to listen to your concerns and assess your needs. Together, you will develop goals for your counseling sessions. Our team members are subject-matter experts in the following areas and can offer counseling designed to meet your specific needs.

- Parent-Child Relationships
- Occupational Problems
- Stress and Adjustment Issues
- Enhance Coping Skills
- Partner and Sibling Issues
- Anger and Anxiety Issues
- Grief and Loss

Benefits of Counseling

- Increased Self-Confidence
- Improved Well-Being
- Better Family Communication
- Increased Mission Readiness

Counselor Qualifications

All counselors are experienced working with service members and military families. They are licensed and credentialed to practice mental health counseling within the USMC.

- Parent Resources

When the new baby joins the family, many changes happen. We can help you make that transition easier with licensed nurses and counselors that will come to your home or see you in their office. Each Home Visitor is trained to offer helpful information, make referrals to other services you might find beneficial, and offer support when family members live far away. This program is available during pregnancy and from infancy up through age 5.
